

**NEW!**

## **Charms Opticon Barcode Scanner/Collector**

**Now you can scan barcodes on the field, in the uniform room, on the bus, or wherever you need to, without needing to be connected to your computer!**

The **Charms Opticon** pocket memory scanner makes barcode data collection simple for anyone. Using this scanner is straightforward – scan a barcode and it will be stored automatically. When you make a mistake, the lower button allows you to re-scan the barcode in order to remove the item from memory. For easy data transfer, the device is equipped with a standard USB port, which is also used to charge the internal battery.

### **Features Include**
